HARVEST APPEAL

Donations
welcome all
week at nursery
and primary

Casey (Reception Class)

Arabella (Class 1)

Ethan (Class 4)

Hannah (Class 5)

**THANK YOU FOR BEING
AMAZING**

**JEANS
FOR
GENES**

We have raised an incredible

£86.00

*Thank
you*

Coats in primary and nursery

As the weather has become rather Autumnal and more changeable recently, children should have a coat with them everyday in primary / nursery please. A wet afternoon can follow a sunny morning!

You may also want to consider hats and gloves on cold days.
Please make sure everything coming in to primary and nursery is labelled with your child's name.

Thank you for your support in this.

Spare Pants

We would be very grateful for donations of any spare pants at primary and nursery please, in all ages, for boys and girls.

Many thanks

Nursery wellies

If your child has a pair of wellies at home that are no longer needed, or they have grown out of, we would be very grateful for any donations at nursery please. We especially need child's sizes 7 to 10.

Thank you for your support!

School football team

Our boys' team had a brilliant start to the league season last night with a 4-0 win over St Oswald's and a 6-0 victory against Esh Winning.

With goals flying in from the boys, and a rock-solid defensive display — especially from our outstanding goalkeeper.

A fantastic team performance all round. Well done boys, we're proud of you!

Macmillan Coffee Afternoon

Tuesday
29th September

Primary
School Hall

Everyone is welcome,
we hope you can join us.

We kindly ask for donations of home made or bought **cakes, pastries and buns**, which should be brought to primary or nursery on **Monday 28th September** or on the morning of **Tuesday 29th September**.

Please note, in line with Natasha's Law, we must have the ingredients listed for all donations.

Saturday 17 th October, 10am – 12pm	Early Years Open Morning
Friday 23 rd October	Last day before half term holidays
Monday 2 nd November	Children return to nursery

LOCOMOTION

Calling all young scientists! Locomotion is the next stop for the annual festival to celebrate science.

Get inspired by science this summer! Durham University is partnering with Locomotion to host an exciting three-day festival. Join us for live demonstrations, hands-on experiments and creative activities for the whole family.

We are expecting this to be a busy event, so we are asking visitors to pre-book free, timed admission slots. This event will be taking place in Main Hall—please note that only assistance dogs are permitted inside museum buildings.

FESTIVAL HIGHLIGHTS

Exploring Biosciences: From something as large as a Hippo to the microscopic. Can you identify an animal from the size and shape of its skull? Use augmented reality T-shirts to see inside your body and learn about your tissues and organs. Look at those tissues down the microscope and see how they all are made of tiny cells.

3D Landscape Modelling: Dive into a deeper understanding of topography and geomorphology—How does the landscape influence the processes that shape it? How do landscapes control water flow and water storage, and how can we manage our rivers?

Light Entertainment: Light and atoms are everywhere, but there's more than meets the eye! Explore the physics behind the aurora, make your own colour-changing picture and learn how scientists use light to identify different atoms.
